*By*

**Rosemary T. Fazio**

**Robert Bruce Graham Jr.**

**James K. Mee**

Three prominent and highly recognized attorneys from Ashford and Wriston share their anecdotes of working with and against various appraisers in arbitration and litigation cases. Each of them has extensive knowledge and expertise of the law and legal issues for real property and real estate including condemnation, tax appeals, and lease renegotiations. They will share the importance of the appraiser and attorney relationship, and offer advice to appraisers interested in adding litigation to their work experience.

Come and enjoy the stories of these astute attorneys as they enlighten us on how appraisers and attorneys are in amicable and adversarial alliances.

Visit <http://www.ashfordwriston.com/> for more information on each of the speakers.
